CIP Survey for Publishers
A Cataloging in Publication record (aka CIP data) is a bibliographic record prepared by the Library of Congress for a book that has not yet been published. When the book is published, the publisher includes the CIP data on the copyright page thereby facilitating book processing for libraries and book dealers.

To obtain CIP data, you must first complete the application to participate and obtain an account number and password. The account number and password provide access to the form for requesting CIP data.
A JavaScript-enabled browser such as Netscape 4.5 or Microsoft Explorer 4.0 or higher is required to complete the application to participate and the subsequent form to request CIP data.
Before establishing an account for your firm, please note the following:
1. For each title for which CIP data is requested, the publisher must complete a CIP data application and transmit the complete text (exclusive of indexes, tables, graphs, art, etc.) or, at minimum, core required materials to the Library of Congress. The texts are

4. Upon completing the application requesting CIP data for a given title, you will be asked to attach the file of the full text or, at minimum, core required materials to the application. It is therefore important to format and code the text prior to completing the application. The text for a file must be coded as follows:
<tp> beginning of title page
</tp> end of title page
<sp> beginning of series page
</sp> end of series page
<cp> beginning of copyright page
</cp> end of copyright page
<toc> beginning of table of contents

CIP Program Requirements
Publishers participating in the CIP program are obligated:
• To transmit to LC the complete text (including the prescribed codes) or, at minimum, core required materials of each title for which CIP data is requested.
• To print the CIP data in the book.
• To send a complimentary copy of the book to the CIP Division immediately upon publication.

INTRODUCTION
On July 22, 1620, a group of English Separatists from Leiden, Holland, sailed to Southampton, England, on the 60-ton Speedwell. These men and women had left their homeland 12 years before because they felt that Anglican beliefs were incompatible with theirs. Now they were leaving Holland because they feared that the "alien" environment was further endangering the integrity of their small community. They were going to the New World to start fresh in Virginia.
From Southampton, the Speedwell and the 180-ton Mayflower, a 12-year veteran of the wine trade, carried 120 passengers to sea on August 15. The Speedwell was dangerously

ECIP Cataloging Partners (1)

- National Library of Medicine
- Cornell University
- Northwestern University
- National Agricultural Library.

- A fifth partner, the University of Wisconsin, should be starting soon.

ECIP Cataloging Partners (2)

- Initial criteria for participation:
  - [1] BIBCO/NACO/SACO library
  - [2] Endeavor Voyager library
  - [3] For university libraries, a university press that is also an ECIP publisher

ECIP Cataloging Partners (3)

- These libraries function as LC cataloging teams and use the ECIP Traffic Manager and TCEC to create bibliographic records for ECIPs.
- NLM and NAL catalog ECIPS in the areas of medicine and agriculture respectively.
- The university libraries catalog the publications of their university presses.

ECIP Cataloging Partners (4)

- Our cataloging partners perform as many of the following tasks as possible:
  - [1] Full descriptive cataloging
  - [2] subject cataloging (LCSH)
  - [3] either an LC or Dewey call number
  - [4] any needed authority work
- LC provides what is not provided by the cataloging partner.

ECIP Cataloging Partners (5)

- NLM, our first cataloging partner, catalogs approximately 1700 CIPs annually
- NAL estimates are for about 1000 titles a year
- Cornell has cataloged more than 100 titles since starting in May of 2005
- Northwestern has cataloged about 25 titles since last August
